

Tools for Talking

Some crucial skills that will aid your baby with the development of speech.

Exaggerated speech
and facial expressions.

Engage in baby conversations.

REPEAT, MIMICK, RESPOND WITH
EXCITEMENT.....

But don't forget to allow your
baby the time to respond.

Opportunities to Listen
to different sounds;
*music, birds tweeting,
bells shaking*

Dadada!

Regular breaks
from the pacifier.

Rich language and
strong eye contact
from birth.

Praise, Praise, Praise!

The introduction of lumpy food around
6 months.

*To develop the muscles within the mouth
needed for speech.*
